

September 14, 2016

To whom it may concern,

Effective September 1, 2016, Beijing He Shi Technology Co., Ltd became an authorized distributor of Mesa ETP roof drains, storage tank seals, oil skimmer systems, foam delivery systems, and collection bladders. Beijing He Shi Technology Co., Ltd. is the only authorized distributor of these Mesa ETP products in China, Hong Kong, Macau, and Chinese Taipei. The primary contact for Beijing He Shi Technology Co., Ltd. is Tony Lan; contact information and office location are listed below.

Mesa Engineered Tank Products (<http://www.mesaetp.com>) is a division of Mesa Industries, Inc., a worldwide manufacturer of aboveground storage tank products. Based in Cincinnati, Ohio (USA) and established in 1967, Mesa Industries is an American-Owned manufacturer of flexible roof drains, evaporative emission containment sealing systems, skimmer systems, foam delivery systems, vapor collection bladders and other specialized products for the petroleum and aboveground storage tank (AST) industries.

Sincerely,

Vince Gilday  
Chief Finance Officer  
Vice President Business Development  
Mesa Industries, Incorporated
